Production Schedule

For those who don't have a set production shift, please work around the set schedules and coordinate with Corey, if needed, on off hours. If you need more than two hours of production time to complete your shows, plan for more than one day. If you do not have off-hour access to the building, note that it is usually open until eight now Tuesday through Friday.

Any issues (especially on Mondays and Thursdays) please coordinate with the appropriate individual listed above.
